FOR IMMEDIATE RELEASE

CHRISTIAN EBBRECHT JOINS ORGANIC DYES AND PIGMENTS LLC (ORCO) AS AN INDEPENDENT REPRESENTATIVE CONCENTRATING ON THE ALUMINUM DYE (ANODIZING) INDUSTRY

Lincoln, RI., June 24, 2019

Organic Dyes and Pigments LLC is pleased to announce the addition of Christian Ebbrecht and GetColored Inc. as their sales agent, concentrating on technical and dyeing aspects of the Anodizing Industry.

Christian has over 30 years of technical and practical experience in the use of dyes in anodizing aluminum. He has participated in many industry training sessions, anodizing schools, conference training and teaching seminars, and is a principal founder of the Aluminum Anodizing Council (AAC).

“Christian brings a high level of technical and application expertise in the use of dyes for anodizing aluminum,” remarked John D’Amelio, “which nicely combines with ORCO’s core strengths of custom shade matching, customer focused technical support, and new product development. We are excited about the new insights that Christian will bring to our Anodizing Dyes customer base.”

About Organic Dyes & Pigments (ORCO)

Organic Dyes and Pigments is a leading colorant solution provider offering a broad range of high-quality dyes, pigments and specialty chemicals used in a diverse base of industries including textiles, coatings, anodizing, agricultural products, construction materials, HI&I and many others.
